

Video 6 - Axial Sections of Brain

- Gray matter of cortex
- Underlying white matter
- Lateral ventricle
- Corpus callosum
- Caudate nucleus
- Thalamic nuclei
- Putamen
- Internal capsule
 - Anterior limb
 - Genu
 - Posterior limb
- Globus pallidus
- External capsule
- Claustrum
- Extreme capsule
- Insular lobe
- Optic radiations
- Lateral geniculate nucleus of thalamus
- Cerebral aqueduct
- Crus cerebri
- Substantia nigra of midbrain
